

At PinPointMedia our passion for film is unrivalled - where else can you be part of the creation of over 4000 films a year for brands across the globe? We need to be different, and that's where you come in.

The exceptional individuals we hire, how we ask you to work and our approach and investment in our #PassionateAboutFilm handbook is what really raises the bar.

At PinPointMedia you need to be ready for a challenge. An adventure. The commitment. So that leaves just one question – do you have what it takes to #JoinTheRevolution?

What will you be doing?

Due to continued growth and internal promotion PinPointMedia are looking for a passionate and highly skilled Animator willing to go the extra mile and join our Post Production team. The role is permanent and full time and will be based at our Royal Crescent HQ in Central Cheltenham. You will liaise directly with clients right from the storyboarding and design stages through to completion, ensuring you create the animation they require bringing creative expertise to each film you work on.

Development and Reward

On top of our in depth induction programme you will also be enrolled in our Progression Programme shadowing our team of Filmmakers, from Senior Camera Operatives to Editors and Researchers. You will have monthly one to ones with your dedicated Line Manager to discuss progress and ongoing development, as well as 6 monthly appraisals with our Directors and annual pay reviews. The guaranteed salary is £19,000 - £24,000 per annum dependent on experience, with a monthly bonus scheme based on individual and team performance, company pension, generous holiday allowance and Cycle2Work scheme. We operate a 4 day working week with team members benefitting from 3 day weekends. You'll also enjoy a fun working environment, monthly Film Club, team socials and Christmas parties.
